HENNA BROWS

Course info

Learn • Perfect • Grow

Henna brows is a form of brow tinting that is used to not only stain the skin beneath the eyebrow but also the brow hairs. The whole idea of this is to almost create the illusion of a brow, a shadow and fullness in the brow area filling in the brow where it is lacking densities.

YOU WILL LEARN THE FOLLOWING:

- Henna brows last approximately 2–6 weeks, but it all depends on skin type
- Who it is suitable for and who it is not
- Henna colour theory and how tones work on different skin types
- Correct brow mapping and shaping
- Step-by-step henna application process
- Aftercare and maintenance advice
- Common mistakes and how to avoid them
- Live demonstration
- Practice on live models

INCLUDED IN THE TRAINING:

- Practical
- Kit
- Manual
